## VACANCY

---

Instituto Medico San Nicolas (ImSan) aims to provide and promote optimal medical care in clinical, outpatient, and ambulatory settings, ensuring accessibility for all citizens.

ImSan is seeking a dedicated and enthusiastic full-time Optometrist to join its Ophthalmology Department.

### **Optometrist M/F**

#### **Job Description:**

The Optometrist has the following key responsibilities, in accordance with the department's agreements, protocols, and standards:

The optometrist supports the ophthalmologist and conducts independent consultations, including refractions, prescribe eyeglass prescriptions, fitting contact lenses, as well as performing biometry, visual field testing, pachymetry, glaucoma and cataract follow-ups, manage follow-ups of medical retina cases, diabetes clinics, and diabetic screening using bio microscopy and other diagnostic tests. The optometrist also monitors chronic patients in collaboration with ophthalmologists.

#### **Qualifications:**

- Bachelor's degree in Optometry;
- Patient-focused attitude and well-developed social skills;
- Flexibility and a strong sense of responsibility;
- You interact pleasantly with both colleagues and patients;
- Ability to work independently and as part of a team;
- Proficiency in Papiamento and English (Dutch and Spanish are a plus).

Please submit your application and CV **by December 12, 2025**, addressed to: Mrs. Elisa Campbell-Duijm, Head of Human Resources, Pastoor Hendrikstraat 10 San Nicolas, Aruba. Or by e-mail: [hr@imsan.aw](mailto:hr@imsan.aw). Subject line: "Vacancy Optometrist".
